

## Minerva Schools at KGI Non-discrimination Policy

In welcoming diverse cultures and perspectives among our students, faculty, and staff, Minerva Schools furthers its mission of Nurturing Critical Wisdom for the Sake of the World. We are a global community of learners and thinkers. As we prepare students to solve the world's most complex problems, we believe that we must foster open dialogue and actively seek ideas and perspectives from all members of our community. As a student-centered institution, we work diligently to ensure that all of our students have the opportunity to learn and thrive. We understand that consistent attention to issues of equity and inclusion is essential for us to meet our goals and for our students to be successful.

This learning community reflects, and is a part of, a world comprising all races, creeds, and social circumstances. Minerva confronts and rejects all manifestations of discrimination, including those based on race, ethnicity, gender, age, disability, sexual orientation, gender identity, national origin or citizenship, religious or political beliefs, status within or outside Minerva, or any of the other differences among people that have been excuses for misunderstanding, dissension, or hatred. Minerva recognizes and cherishes the richness contributed by diversity.

Minerva admits students of any race, ethnicity, gender, age, disability, sexual orientation, gender identity, national origin or citizenship, religious, or political beliefs to all the rights, privileges, programs, and activities generally accorded or made available to all students. Minerva does not discriminate on the basis of race, ethnicity, age, disability, sexual orientation, gender identity, national origin or citizenship, religious, or political beliefs in administration of its admission policies, academic policies, financial aid programs, or any other programs.
